

CREATE SERVICE CREDENTIALS

The screenshot shows the IBM Cloud console interface. The left sidebar contains navigation links: Resource list, Manage, Service credentials (selected), Plan, and Connections. The main content area is titled 'Service credentials' and includes a description: 'You can generate a new set of credentials for cases where you want to manually connect an app or external consumer to an IBM Cloud service. Learn more'. Below this is a search bar and a 'New credential' button. A table lists the existing credentials:

Key name	Date created
Service credentials-1	2022-11-17 11:15 PM

The details for 'Service credentials-1' are displayed in a code block:

```
{
  "apikey": "w4LugdV8gtUI45fihmyubqra99qGXGD9Ey1hrr66rz",
